

September 21<sup>st</sup>, 2019

# Community Notice

To whom it May concern:

This letter is to inform you TCCE will be performing the installation of Storm work on the Triangle lane and Sewer work along the Veirs Mill Rd which will start soon in conjunction with the utility improvements work associated with the Wheaton Public Improvements project. In order to reduce traffic congestion and daily disruption, the work will occur at night between the dates December 8<sup>th</sup> to March 31<sup>st</sup> between the hours of 8 p.m. and 5 a.m. as authorized by the Montgomery County Department of Environmental protection.

Our night work will include the following:

Excavation and installation of storm lines (Noise include Saws, generators, excavators and equipment's and miscellaneous construction vehicles.)- Triangle lane Rd

Excavation and replacement sanitary line (Noise include Saws, generators, excavators and equipment's and miscellaneous construction vehicles.)- Veirs Mill Ave.

Should you have any questions please contact us 301.459.7484. Our supervisor (Dimas Aparicio) will be on site during this project and can be reached at 571-9919343

Thank you and your cooperation during this project will be greatly appreciated.

**Thank you,**

**Alejandra Briceno**

**Project Engineer**

Total Civil Construction engineering.
